

Stay cool with premium audio

FrostCap technology and passive cooling ear cushions provide comfort during gaming sessions while built in surround sound gives you a truly immersive experience.

FrostCap Technology

OMEN's active earcup cooling technology—to ensure comfort during long gaming sessions.

Play in comfort. Stay cool and game on.

Passive ear cushion cooling technology that conducts heat away from your skin.

Ultimate immersion. Ultimate advantage.

Built in virtual surround sound audio chip powered by C-Media Xear™ creates realistic spacial awareness to accurately pinpoint in-game sounds.[1]

Featuring

Adjust on the fly

Be clearly in command with a flip to-mute microphone and on-ear volume control.

Crystal Clear communication

Environmental noise cancelling dual microphones block out background sounds so your squad only hears you.

Powered by OMEN Command Center

Create custom audio EQ settings in OMEN Audio Lab powered by C-Media Xear™ via OMEN Command Center.[2]

Outshine the competition

Control FrostCap cooling technology and customize RGB lighting with OMEN Command Center.

The perfect fit

Self adjusting, suspension headband and breathable, moisture wicking ear cushions with improved padding and oval shape provide lasting comfort.
