

HPE VMware vSphere Desktop - Licence + 5 Years 24x7 Support

100 VMs - OEM - factory integrated

Group	Operating Systems
Manufacturer	HPE
Manufacturer item no.	BD701AAE

Description

HPE Virtual Desktop infrastructure is an end-to-end client virtualization solution based on the best managed and virtualization-ready HPE ProLiant and BladeSystem servers, HPE StorageWorks storage, and HPE thin client access devices. HPE VDI is a desktop replacement solution that provides IT teams with the flexibility to quickly deliver and refresh desktops, reduces the business risk associated with potential data loss or theft, and lowers the complexity and cost of desktop management, while continuing to provide end-users with the functionality of a stand-alone desktop. The HPE VDI with VMware view offering is based on VMware's industry leading and proven virtualization platform and HPE thin clients that have been certified to work with VMware view manager.

Main features
