Group	Network Service & Support
Manufacturer	Cisco
Manufacturer item no.	N7K-C7004-SBUN-P1=
EAN/UPC	0882658558702

## Description

Cisco NX-OS software is a data center-class operating system built with modularity, resiliency, and serviceability at its foundation. Based on the industry-proven Cisco MDS 9000 SAN-OS software, Cisco NX-OS helps ensure continuous availability and sets the standard for mission-critical data center environments. The self-healing and highly modular design of Cisco NX-OS makes zero-impact operations a reality and enables exceptional operational flexibility. Focused on the requirements of the data center, Cisco NX-OS provides a robust and comprehensive feature set that fulfills the switching and storage networking needs of present and future data centers. With an XML interface and a command-line interface (CLI) like that of Cisco IOS Software, Cisco NX-OS provides state-of-the-art implementations of relevant networking standards as well as a variety of true data center-class Cisco innovations. Built as the foundation of the Cisco Data Center Business Advantage (DCBA) solution, Cisco NX-OS helps ensure continuous availability and sets the standard for mission-critical environments. The main attributes, which constitute the Cisco NX-OS foundation, are summarized here.

## Main features

Product Description	Cisco Nexus 7000 Series Software License Bundle - licence - 1 switch
Product Type	Licence
Category	Online & appliance based services - monitoring & performance management, system & remote management, appliance software
Licence Qty	1 switch
Licence Pricing	Promotional
Licensing Details	Includes LAN, ADV, DCNM, EL2, TRS, MPLS, SAN, XL, DCNM-SAN licenses

## Extended details

	<b>General</b>
Category	Online & appliance based services - monitoring & performance management, system & remote management, appliance software
Product Type	Licence
	<b>Licencing</b>
Licence Qty	1 switch
Licence Pricing	Promotional
Details	Includes LAN, ADV, DCNM, EL2, TRS, MPLS, SAN, XL, DCNM-SAN licenses
