## Description

Zyxel RPS600-HP - Power supply (plug-in module) - AC 100-240 V - for Zyxel XGS3700-24HP

## Main features

|                     |                                |
|---------------------|--------------------------------|
| Product Description | Zyxel RPS600-HP - power supply |
| Device Type         | Power supply - plug-in module  |
| Input Voltage       | AC 100-240 V                   |
| Designed For        | Zyxel XGS3700-24HP             |

## Extended details

|                    |                                  |
|--------------------|----------------------------------|
|                    | <b>General</b>                   |
| Device Type        | Power supply - plug-in module    |
|                    | <b>Power Device</b>              |
| Input Voltage      | AC 100-240 V                     |
| Frequency Required | 50/60 Hz                         |
|                    | <b>Miscellaneous</b>             |
| Features           | Integrated PoE                   |
|                    | <b>Compatibility Information</b> |
| Designed For       | Zyxel XGS3700-24HP               |
