FIVE PACK

Charge and transport your tablets to their place of use

Made from Recycled materials

Bag with tablets

Bag with USB-C charging system

Mobility, protection, and smart charging for your tablets

✓ **Education & Training**
Make it easy to transport and charge tablets for mobile classrooms, itinerant teachers, or training centers.

✓ **Businesses & field mobility**
Ensure the availability of digital devices for teams on the move, technical interventions, or workshops requiring a portable and compact solution.

✓ **Communities & Public spaces**
Offer a simple solution for transporting, protecting, and charging multiple tablets in media libraries, community digital spaces, or administrative services.

For 5 tablets up to 12"

What makes the difference

Compact and lightweight bag: ultra-mobile format for easy transport of 5 tablets. Available with or without charger.

Integrated simultaneous charging: Tabipower C6 charger included, allowing tablets to be charged efficiently at the same time.

Secure zipper closure: reduces the risk of devices falling out compared to open baskets and protects devices when traveling.

Enhanced protection: water- and dust-repellent fabric, padded dividers, and padlock security (option).

Integrated and certified cables: 5 USB-C spring cables included, reliable, durable, and suitable for intensive use.

Eco-friendly design: recycled R-PET materials, with external zippered pocket for accessories and small devices.
