LabelManager™ 500TS

# Touch Screen Label Maker with PC or Mac® Connection

1 **Type**

2 **Touch**

3 **Print**

The first standalone office touch screen label maker from DYMO®.

Name anything you ever wanted to do with a label maker – the revolutionary DYMO Touch Screen™ label maker lets you do it with ease! Edit, format, and customise labels with a touch of your fingertip. Connect to your PC or Mac®* and use DYMO Label™ software to customise your labels with fonts or graphics – even download your labels for editing and printing on the go.

LabelManager™ 500TS Features

- Large, full-color touch screen—a DYMO® first! Just tap to create, edit and format labels with ease

- Speed text entry using the computer-style keyboard with country-specific layout

- Eliminate the hassle of manual cutting with an automatic label cutter

- Customise your labels with 10 fonts, 25 font sizes, 5 boxes plus underline, 32 text styles and 100s of built-in symbols and clip art images

- Prints crystal clear graphics, barcodes and logos at 300 dpi resolution

- Share without losing your settings—new user profiles let you store settings and data for up to 5 different users

- Avoid the cost and waste of disposable batteries with the rechargeable battery pack

- Connect to your PC or Mac®* and use DYMO Label™ software to customise your labels with fonts or graphics – even download your labels for editing and printing on the go

- Label fast – prints twice as fast as other DYMO® label makers
