

Dell PowerVault TL2000 - Tape library

60 TB - slots: 24 - no tape drives - max drives: 2 - rack-mountable - 2U - barcode reader - BTO

Group	Tape libraries / Autoloader
Manufacturer	Dell
Manufacturer item no.	2000-5706
EAN/UPC	5397063835706

Description

Dell's PowerVault TL2000 tape library offers simple and affordable tape automation for organizations whose data-protection needs have outgrown autoloader technology. It is the solution of choice for small and medium businesses that require affordable, easy-to-use, automated tape backup.

Regular, disciplined backup is a vital part of a comprehensive disaster recovery strategy. The PowerVault TL2000 is a powerful tape library that helps organizations automate their backup processes to reduce the need for manual intervention and the risk of human error. The PowerVault TL2000 uses the optical cartridge location technology for precision cartridge handling and inventory, which helps improve the overall reliability of backups.

With its ultra-compact form-factor, the PowerVault TL2000 packs an impressive amount of information in a small amount of space. Occupying only two units (2U) of rack space, the library can hold up to 24 tapes providing up to 19.2TB (with Ultrium LTO-4 800GB tapes) of native capacity-ideal for small office environments managing explosive data growth.

The PowerVault TL2000 supports Ultrium LTO-4 drives - a high-speed tape technology that can natively back up an impressive 432GB of data per hour. LTO technology is based on a tape industry standard that specifies backward read-and-write compatibility with LTO-4 and LTO-3 generation media (n, n-1) and read compatibility with LTO-2 (n-2) media.

Main features

Product Description	Dell PowerVault TL2000 - tape library - no tape drives
Device Type	Tape library
Enclosure Type	Rack-mountable - 2U
Total Storage Capacity	60 TB
Removable Media Capacity	24
Max Supported Drives	2
Supported Tape Drives	LTO Ultrium 4, LTO Ultrium 5, LTO Ultrium 6
Key Features	Barcode reader
Dimensions (WxDxH)	44.75 cm x 74 cm x 8.76 cm
Storage Removable	No tape drives
Power	AC 120/230 V
Pricing Type	BTO

Extended details

General	
Device Type	Tape library - no tape drives
Enclosure Type	Rack-mountable - 2U
Total Storage Capacity	60 TB

Removable Media Capacity	24
Max Supported Drives	2
Supported Tape Drives	LTO Ultrium 4, LTO Ultrium 5, LTO Ultrium 6
Key Features	Barcode reader
Built-in Devices	Status LCD
Width	44.75 cm
Depth	74 cm
Height	8.76 cm
Storage Removable	
Type	No tape drives
Miscellaneous	
Pricing Type	BTO
Power	
Type	Power supply
Voltage Required	AC 120/230 V
Manufacturer Warranty	
Type	Limited warranty - 3 years
Environmental Parameters	
Min Operating Temperature	10 °C
Max Operating Temperature	35 °C
Humidity Range Operating	15 - 80% (non-condensing)
