

IBM TotalStorage - LTO Ultrium 3

400 GB / 800 GB

Group	Magnetic Media
Manufacturer	IBM
Manufacturer item no.	24R1922
EAN/UPC	0000435437693

Description

By combining high storage capacity, performance, and reliability, the IBM TotalStorage LTO Ultrium 400GB Data Cartridges continue the IBM focus on enhancing tape technology. These cartridges are part of a long line of IBM data cartridges that is designed to provide tape data storage quality and reliability for organizations around the world. Increasing cartridge capacity and performance can help reduce the amount of equipment, space and human intervention required for daily tape operations. In addition, reducing the number of cartridges needed for backup and restore operations can help lower operational costs throughout the enterprise.

Main features
