

# Dell Direct attach cable - SFP+ to SFP+

50 cm - twinaxial - for Force10; Networking S6000; PowerConnect 70XX - 81XX; PowerEdge VRTX

|                       |                   |
|-----------------------|-------------------|
| Group                 | Cables & Adapters |
| Manufacturer          | Dell              |
| Manufacturer item no. | 470-13571         |
| EAN/UPC               | 5397063836499     |

## Description

This Dell Networking SFP+ Direct Attach Twinax Cable provides 10GbE connectivity up to 0.5 meters. For use in qualified Dell platforms.

## Main features

|                        |                                                                                                                                                                                                                                                                                                     |
