

Cisco Meraki MT20 - Door sensor

wireless

Group	Network Cameras
Manufacturer	Cisco
Manufacturer item no.	MT20-HW

Description

The Meraki MT20 open/close sensor, part of the MT family of sensors, provides real time visibility into your physical environment by detecting when doors are open or closed. Simple to deploy, the MT20 automatically pairs with Wi-Fi 6 MR access points and 2nd Generation MV smart cameras via BLE for rapid provisioning and seamless scalability. Reliable and secure cloud-management via the Meraki dashboard further reduces infrastructure by eliminating on-premises servers. Flexible alert management give you real-time visibility into business critical environments and can help reduce loss by notifying you when doors are accessed, or left ajar.

Main features

Product Description	Cisco Meraki MT20 - door sensor
Product Type	Door sensor
Environment	Indoor
Connectivity	Wireless
Designed For	Cisco Meraki MR36, MR45, MR46, MR46E, MR55, MR56, MV22, MV32, MV72, Narrow Angle MV12 Mini Dome HD Camera, Varifocal MV22 Indoor HD Dome Camera With 256GB Storage, Varifocal MV72 Outdoor HD Dome Camera With 256GB Storage, Wide Angle MV12 Mini Dome HD Camera

Extended details

	General
Product Type	Door sensor
Environment	Indoor
Connectivity Technology	Wireless
	Compatibility Information
Designed For	Cisco Meraki MR36, MR45, MR46, MR46E, MR55, MR56, MV22, MV32, MV72, Narrow Angle MV12 Mini Dome HD Camera, Varifocal MV22 Indoor HD Dome Camera With 256GB Storage, Varifocal MV72 Outdoor HD Dome Camera With 256GB Storage, Wide Angle MV12 Mini Dome HD Camera
