Description

Adjust your display to any vertical position with just your fingertips. The BalanceBox gives you ultimate comfort, is extremely reliable and safe and lets you get the most out of your audio visual experience. Adjust the height of your display with the lightest of touches, and no electrical connection needed! The trend in today's audio visual market is interactivity; touchscreen displays in class rooms, trainings centers, video conferencing rooms and on the production floor. To allow every participant to enjoy the benefits of the interactive system, the BalanceBox is an innovative height adjustable mount solution based on a unique technology with great features.
