Exceptional combination of visuals and sound

Equipped with industry-leading lenses and speakers from Valve, our HMD provides high quality resolution and fully immersive spatial audio. With mura-free, 2160 x 2160 LCD panels per eye, you can now see more detail than ever before.

A headset that adjusts to you

Get maximum comfort for longer wear time. With flexible material, increased cushion size and lenses that can be adjusted for different eye distances², each user experiences a custom fit regardless of face size and shape.

More cameras. Better tracking.

With four cameras built into the headset and no external sensors required, you can now track more movement¹ no matter how extreme. And with a smaller and more ergonomic design, our controllers are more natural and comfortable to hold onto.

Compatible across the industry

Looking for access across any and all VR content? With compatibility across both SteamVR and Windows Mixed Reality³, seamless access to everything VR is now within reach. All with quick and painless setup.

HP Reverb G2 Virtual Reality Headset

Improved Controller Tracking

Get improved tracking below the waist with 30% more vertical area coverage⁴.

Extended Cable Compatibility

The 6M cable is now compatible with all AMD systems. Intel® systems continue to be compatible⁵.

New Adjustable Facemask

With the new adjustable eye relief facemask, you can easily customize your eye distance from the lenses to get an improved visual experience⁵.
